## INSTALLATION, CARE & MAINTENANCE ADVICE

Please refer to our 'Understanding Unrectified Porcelain Tiles' sheet on our website for product installation advice.

## PRODUCT NOTES

Medium slip risk: This should not be used on pool surrounds and should be kept clean to maintain slip resistance. These tiles are non-rectified, so to achieve a chequerboard effect, a 3mm grout joint is needed. Some tolerances on print quality are to be expected - please see our 'Understanding Digitally Printed Tiles' sheet for further information.
